

ITEM NO.	PART NUMBER	DESCRIPTION	QTY.
1	00_Reference_Arm	REFERENCE ONLY - user's arm, not built	1
2	00_Reference_Torso	REFERENCE ONLY - torso and head, not built	1
3	01_Cuff_Shells	3D-printed upper-arm and forearm cuffs	1
4	02_Foam_Liners	Foam padding inside the cuffs	1
5	03_Straps	Velcro straps that close the cuffs	1
6	04_Aluminium_Uprights	Hinged brace side bars (from post-op elbow brace)	1
7	05_Hardware	Hinge pins, rivets and nuts	1
8	06_Elbow_Pulley	50 mm pulley - cable pulls it to bend the elbow	1
9	07_Cable_Brackets	Cable housing stop, housing clip, slack switch	1
10	08_Inner_Cable	Bike brake cable (inner wire)	1
11	09_Bowden_Housing	Bike brake housing, elbow to back pack	1
12	10_Backplate	Back plate holding the drive and electronics	1
13	11_Back_Pad	Foam pad between back plate and body	1
14	12_Actuator_Tube	12 V 1500 N linear actuator - body	1
15	13_Actuator_Gearbox	Linear actuator - motor and gearbox	1
16	14_Actuator_Rod	Linear actuator - moving rod	1
17	15_Pulley_Blocks	4:1 pulley block side plates	1
18	16_Sheaves	Pulley wheels in the 4:1 block	1
19	17_Battery	TalentCell 12 V 3 Ah battery pack	1
20	18_Battery_Bands	Straps holding the battery	1
21	19_Enclosure	Electronics box (shown see-through)	1
22	20_BTS7960_PCB	BTS7960 motor driver board	1
23	21_Heatsink	Motor driver heatsink	1
24	22_ESP32_PCB	ESP32-S3 main controller board	1
25	23_ESP32_Module	ESP32 chip module and USB-C port	1
26	24_Watchdog_PCB	ATtiny85 safety watchdog board	1
27	25_Relay	Relay that cuts motor power on a fault	1
28	26_Chips_Headers	ATtiny85 chip, pin headers, 5 A fuse holder	1
29	27_Terminals	Screw terminals for motor and battery	1
30	28_Power_Wiring	Battery and motor power wires (red)	1
31	29_Signal_Wiring	Stop button, angle sensor, slack switch wires	1
32	30_Stop_Housing	Emergency stop button box (on chest strap)	1
33	31_Stop_Mushroom	Red emergency stop button	1
34	32_Angle_Sensor	Elbow angle potentiometer (inner side)	1
35	33_Right_Ear_Pod	Right tooth-tap sensor pod (XIAO + piezo)	1
36	35_Right_Pod_Pad	Right pod gel skin pad and status LED	1
37	34_Left_Ear_Pod	Left tooth-tap sensor pod (XIAO + piezo)	1
38	36_Left_Pod_Pad	Left pod gel skin pad and status LED	1
39	37_Wrist_Splint	Wrist splint keeping the hand in line	1
40	38_Splint_Strap	Wrist pad and palm strap	1
41	39_Harness	Waist belt and shoulder straps	1
